

---

We, the Association of Shima Spa and Starbrand, deeply appreciate your participation in our Great East Japan Earthquake Relief called "AID for BED." Because of your heart-warming donation, ryokans (traditional Japanese-style hotels) of Shima Onsen in Gunma Prefecture could offer a relaxing, comfortable and secured stay for a number of the disaster victims.

We thank you from the bottom of our heart for what you have done to the people in the stricken area. We look forward to seeing you here in Shima Onsen in the near future! Thank you.
